

Still Remains

Stone Temple Pilots

On bed we live, on bed we sleep
Making love and I become you
Flesh is warm with naked feet
Stabbing thorns and you become me Oh, I'd beg for you
Oh, you know I'll beg for you Pick a song and sing a yellow nectarine
Take a bath, I'll drink the water that you leave
If you should die before me ask if you can bring a friend
Pick a flower, hold your breath and drift away She holds my hand we share a laugh
Slipping orange blossom breezes
Love is still and sweat remains
A cherished gift unselfish feeling Oh, I'd beg for you
Oh, you know I'll beg for you Pick a song and sing a yellow nectarine
Take a bath, I'll drink the water that you leave
If you should die before me ask if you can bring a friend
Pick a flower, hold your breath and drift away She tells me things, I listen well
Drink the wine and save the water
Skin is smooth, I steal a glance
Dragon flies 'er' gliding over Oh, I'll beg for you
Oh, you know I'll beg for you Pick a song and sing a yellow nectarine
Take a bath, I'll drink the water that you leave
If you should die before me, ask if you can bring a friend
Pick a flower, hold your breath and drift away
