Late In the Day

Supergrass

It's late in the day
I'm thinking of you
Things that you say
So long
So long for meIt's late in the day
I'm talking to you
Hear what I say
So long
So long for meAll the time I thought of you
In an ordinary way
You slip back down the heart away
An' all I really have to say
Is people pass along the way
Thoughts of you and me againI lay on my bed
Searching my mind
Writing my love
So long
So long for meI sleep on the road
Dreaming of sound
Coming my way
So long
So long for meAll the time I thought of you
In an ordinary way
Check back down the heart away
An' all I really have to say
Is people pass along the way
Thoughts of you and me againAll the time I thought of you
In an ordinary way
You slip back down the heart away
All I really have to say
Is people pass along the way
I close my eyes and turn awayAn' all the time I think of you
In an ordinary day
Check back down the heart away
All I really have to say
Is people pass along the way
Thoughts of you and me again
