Stargazer

Nap Eyes

These days when I think I'm going to do something
Wonder what I'm going to do
Got to be clean and try to control my body
Cause nobody else going to
I don't think twice when I do something nice
But I don't do things like that very much
Because if you go 'round try to please everybody
It only becomes your crutchI have seen people go by me with such
Determination that it's sick
I'd like to go the places they don't know how to get to
But I can't remember the trick
So I wait around and venomously crown myself
Serpent king of my sins
But if I go down I'm not taking you with me
It's only myself in the end
Stargazer, won't you lend me your laser?
I have a target to drop
And when it comes down old man Moonraker blazer
Is going to be my name on top
But what a dream I looked down for my friends in my town
Only to find them all gone
I looked myself in the mirror and wondered
Where could my dream have gone wrong?
