

Break Your Heart Right Back (feat. Childish Gambin)

Ariana Grande

I should've saw it coming
I should've saw the signs
But I wanted to believe you, trust you
You said you wouldn't lie
But, baby, you were so good, so good
You had me going blind
You said it was your best friend, I'm guessing
I wasn't your type, hey

What goes around comes around
And if it goes up, it comes down
I know you're mad 'cause I found out
Want you to feel what I feel right now
Now that it's over

I just wanna break your heart right back, right back
Want you to cry me a river
I just wanna break your heart right back, yeah

All this time I was blind
Running around telling everybody
My baby loves me
My baby loves me
My baby, my baby, my baby loves me

You said I was your best, would be your last
Now he's gone, you're alone
Don't want you back
You're telling me you're sorry
Well, sorry, I'm over it
'Cause I've already been there, done that
Ain't doing this again, no

What goes around comes around
And if it goes up, it comes down
I know you're mad 'cause I found out
Want you to feel what I feel right now
Now that it's over

I just wanna break your heart right back, right back

Want you to cry me a river
I just wanna break your heart right back, yeah

All this time I was blind
Running around telling everybody
My baby loves me
My baby loves me
My baby, my baby, my baby loves me
My baby loves me
My baby loves me
My baby, my baby, my baby loves me

Listen, you got a man but your man ain't loyal
Don't understand how to spell it out for ya
Yes, I'm a 'G', from the 'A', and they ask 'Y'
Sorry had to tell you I'm a nice guy
Naw I'm a sick guy, money too much
I step on stage and girls move too much
The flow so gross, my nickname school lunch
And he with them other guys, you know it's true 'cause

OK, G-A-M-B-I-N-O, I know they hate
But I don't know why, uh
I know the way he did you was whack
But I know how you can get dude right back (you can get with me)

And now that it's over

I just wanna break your heart right back, right back
Want you to cry me a river
I just wanna break your heart right back, yeah

All this time I was blind
Running around telling everybody
My baby loves me
My baby loves me
My baby, my baby, my baby loves me
My baby loves me
My baby loves me
My baby, my baby, my baby loves me

Ooh, yeah, runnin' around town telling everybody
Ooh, yeah, runnin' around town telling everybody
Ooh, yeah, runnin' around town telling everybody
Ooh, yeah, runnin' around town telling everybody

I'm coming, he's coming

I'm coming
