

# So Good

## Stroke 9

I sit here wishin that someone could see  
the details in my mind of this fantasy.  
You wanna know the truth and there's nothin wrong  
with thinkin of all the ways that you turn me on.

I feel your fingers flowin on me  
and I feel your breath like the warmest breeze.

Your so good  
Cause you never do what you should  
Your so hot  
Just a thought and I probably could  
Your so bad  
That you had me at the first look  
Your so cool  
Cause you never do anything by the book

Who Who, Who Who  
Who Who, Who Who

We've been together  
For so long now, you never cease to amaze me  
and I'll never know how,  
You can always keep me comin back for more  
I never know exactly what you have in store

First my mouth with the softest kiss and  
Then my neck with your finger tips and  
You're lookin at me and you're lickin your lips as  
you press up against me with the smoothest hips

Your so good  
Cause you never do what you should  
Your so hot  
Just a thought and I probably could  
Your so bad  
That you had me at the first look  
Your so cool  
Cause you never do anything by the book

You're so fuckin good  
You're so fuckin good  
You're so fuckin good

This is all I want  
This is all I need  
I want you so fuckin bad  
You're so fuckin good  
I want you so bad  
This is all I want  
This is everything  
You're so so fuckin good  
I want you so fuckin bad  
This is all I want  
This is all I need  
You're So fuckin good  
I want you so bad  
This is all I want  
This is why

Your so good  
Cause you never do what you should  
Your so hot  
Just a thought and I probably could  
Your so bad  
That you had me at the first look  
Your so cool  
Cause you never do anything by the book  
You never do anything by the book

Who Who, Who Who  
Who Who, Who Who
