

Give the Radio Back

Alice Cooper

Hey teacher, what are you trying to do
I'm gettin' tired livin' in this zoo
You slap my face and you knock me down
You beat my head right in the ground
I never ever felt this way before
I can't take it no more So give the radio
Yeah, give the radio back
Give the radio back to the maniacs, to the maniacs Well, there's a party going on outside
All my friends got ya terrified
Don't call the cops, call the State Police
Don't break up this blown-out symphony
You think I'm wasting all my precious time
You say my music oughta be a crime Give the radio
Give the radio back
Yeah, give the radio back
To the maniac
To the maniacs I never ever felt this way before
Ain't gonna take it no more Yeah, give the radio
Give the radio back
Ah, give the radio back
To the maniacs
To the maniacs
Oh, give the radio
To the maniacs
Oh, give the radio
To the maniacs
Give it, give it, give it, give it, give, give, give give give the radio
To the maniacs
The little maniacs
You're all maniacs
