

# Stranded

## Airplay

You are dealing underhanded, so far  
the closer that we get the more I'm strandedI'm tangled in this situation  
looks like you got the best of me  
I'm handing in my resignation  
sufferin' a cold defeat for your loveI tell you secrets and you're tellin' me lies  
you paint a picture and you cover my eyes  
and since I found you I've been lost in the night  
and feeling stranded, stranded - empty~handed  
and I don't know if I'll ever survive  
First you want to please me  
then you want to tease me  
lead me to your lock and throw away the only key  
You are dealing underhanded, so far  
the closer that we get the more I'm strandedI'm takin'on a bad reaction  
from putting on a one-man show  
you'll never give me satisfaction  
I can't hold on and can't let go of your love  
I tell you secrets and you're tellin' me lies  
you paint a picture and you cover my eyes  
and since I found you I've been lost in the night  
and feeling stranded, stranded - empty~handed  
and I don't know if I'll ever survive  
First you want to please me  
then you want to tease me  
lead me to your lock and throw away the only keyYou are dealing underhanded, so far  
the closer that we get the more I'm stranded
