

# Whisper (Re-Recorded Version)

## Lacy J. Dalton

Whisper, I need you, to her  
Take far from the crazy old route  
    Take her, love her  
Where she's the only one allowedWhisper, I love you, to her  
    Maker her feel like the woman she is  
    Soothe her, remember  
A thousand words later than a kissWhisper to your woman  
    Once in a while  
    'Cause all the sweet sweet nothing's  
    Whispered in her ear  
Will make her smileShe may be liberated  
    If she like your style  
    So whisper to your woman  
Once in a whileWhisper to your woman  
    Take it from me  
    And when you leave her love  
She'll give herself to you so easilyShe'll be tender  
    She'll surrender and then  
    It's time to whisper to your woman  
Once againWhisper, I need you, to her  
    Take her far from the crazy old route...
