

# Lunatic

## Dolores O'€™ Riordan

Do you follow me? Do you follow me?

Do you follow me? Do you follow me?

I think you're losing your mind

I think you're losing your mind Throw down your sword, come out of your chamber

Well, you should throw

Throw down your sword, come out of your chamber

Lunatic, lunatic Wanna play with me? Wanna play with me?

Wanna stay with me? Wanna stay with me?

I think you're losing your mind

I think you're losing your mind Throw down your sword, come out of your chamber

Well, you should throw

Throw down your sword, come out of your chamber

Lunatic, lunatic There's nowhere you can hide

And there's nowhere you can hide

And there's nowhere you can hide

No, there's nowhere you can hide Lunatic, lunatic, lunatic, lunatic, lunatic

Lunatic, lunatic, lunatic, lunatic
