

# Alone

## Liquideep

At night she cries, she feel the pain  
Her love has left, and gone away  
She sits and wonders will things change  
to you here is what I have to say

You don't have to be alone,  
I am always here for you.  
You don't have to be alone,  
All you have to do is call.  
You don't have to be alone,  
I will always be around.  
You don't have to be alone,  
Alone, alone, alone, alone, alone, alone.  
You don't have to be alone.

Tonight weâ€™ll wipe your tears away  
Iâ€™ll share your hurt, Iâ€™ll share your pain  
When you call Iâ€™ll run through snow and rain  
Now on my knees, hereâ€™s what Iâ€™ll say

You don't have to be alone,  
I am always here for you.  
You don't have to be alone,  
All you have to do is call.  
You don't have to be alone,  
I will always be around.  
You don't have to be alone,  
Alone, alone, alone, alone, alone, alone.  
You don't have to be alone.

You don't have to be alone,  
I am always here for you.  
You don't have to be alone,  
All you have to do is call.  
You don't have to be alone,  
I will always be around.  
You don't have to be alone,  
Alone, alone, alone, alone, alone, alone.  
You don't have to be alone.
