

# Star

## Primal Scream

Are you solid  
Are you solid as a rock  
Have you a strong foundation  
Or can your soul be bought  
It ain't true that  
Everybody's got a price  
I sing this song for everyone  
Who stands up for their rights Every brother is a star  
Every sister is a star  
Every brother is a star  
Every sister is a star Sister rosa, malcom x & dr. king  
Showed us we got power  
Showed what changes we could bring  
To change society  
You have gotta change the law  
Their bodies may be gone  
But their spirits still live on Repeat chorus Rebel souls  
For the dreamers, rebel souls & future days  
Be brave & strong  
Keep keepin' on  
Be conscious in the chaos  
The queen of england  
There's no greater anarchist  
One man's freedom fighter  
Is another's terrorist Repeat chorus (2x)
