

He Can Only Hold Her

[Amy Winehouse](#)

He can only hold her for so long
The lights are on but no one's home
She's so vacant, her soul is taken
He thinks what's he running from Now how can he have her heart
When it got stole
So he tries to pacify her
'Cause what's inside her never dies Even if she's content in his warmth
She is plagued with urgency
Searching kisses, the man she misses
The man that he longs to be Now how can he have her heart
When it got stole
So he tries to pacify her
'Cause what's inside her never dies So he tries to pacify her
'Cause what's inside her, it never dies
So he tries to pacify her
'Cause what's inside her never dies
