

Capture & Release

The Beautiful Bodies

You are cold, critical, analytical
That's why I like you
I am bold, cynical, and so, so difficult
That's why I fight you I'm letting you in
Crawl under my sheets
Well baby you win
For a minute
The more I'm a bitch
The more you can't quit
The more you like it
Yeah admit it
Top shelf
Out of reach
We play capture and release
Whoa oh oh oh oh
And you talk so cheap
Keep me on my feet
We play capture and release
Whoa oh oh oh oh You're evil, sinister, and always political
So I despise you
I am home, you should come, take me now or take off
I would advise you
Top shelf
Out of reach
We play capture and release
Whoa oh oh oh oh
And you talk so cheap
Keep me on my feet
We play capture and release
Whoa oh oh oh oh Damn it I need it
I need it so bad
With your skin so hot
How can you act cold
Whoa oh oh oh oh
You better believe it
I'll use you like that
So use me like that
Use me like that Top shelf
Out of reach

We play capture and release
Whoa oh oh oh oh
Top shelf
Out of reach
We play capture and release
Whoa oh oh oh oh
And you talk so cheap
Keep me on my feet
We play capture and release
Whoa oh oh oh oh Always there in the back of my head
I fight it
I told myself I won't go back
Tonight yeah
