

# running (paul droid & acidman

## Information Society

Hot steamy night alone  
I wait for you  
Cold brittle morning alone  
And I cry for you  
And when you finally call  
You cloak your moves in the shadowsChorus:  
Those days and nights I was good to you  
They must not have meant very much to you  
The night I needed you the most  
My cries fell on deaf earsAnd I'm running so hard to find it  
And I'm running so fast  
And I'm telling you know to leave me  
Our romance cannot last  
And if someday I need to see you  
I'll come back from the past  
I'll come back and find you  
I'll never leave you nowChorusNow I don't want to play games with you  
But I don't know what to say to you  
The digits change so slowly now  
I'm going it aloneAnd I'm running so hard to find it  
And I'm running so fast  
And I'm telling you now to leave me  
Our romance cannot last  
And if someday I need to see you  
I'll come back from the past  
I'll come back and find you  
I'll never leave you now
