

Fire Up the Shoesaw

Lionrock

Ok while the cheering is dying down now

And I think we have a new candidate

And we have a new favorite vegetable which is asparagus

Lets go back to the station What is rock 'n' roll?

[Background:] Don't be crazy, tell him! Where'd you learn how to shake that booty? One of America's greatest
pranksters What are you doing here!? What are you doing here!?

[in the background:] I hear the music, see your booty, start shaking your booty

What is rock 'n' roll?

[Background:] Don't be crazy, tell him!

[Repeat 5 times] What is rock 'n' roll?

Don't be crazy, tell him!
