Dying Is Fine

Ra Ra Riot

To settle our thoughts
Never minding what for
Nothing of a harm to dread
On my mindSo tell me what belies
Oh, tell me what I could have
Oh, oh, tell me what forNo more of this living dying
Just scientific analyzing
Forgive us, oh life
The sin ofDeath, oh baby
You know that dying is fine but maybe
I wouldn't like death if death were good
Not even if death were goodIs this it?
Maundering about and
All I have is too much time
To understandThat one can only love
Life until its ending
Oh, and I can't forgetNo more of this living dying
Just scientific analyzing
Forgive us, oh life
The sin ofDeath, oh baby
You know that dying is fine but maybe
I wouldn't like death if death were good
Not even if death were goodDeath, oh baby
You know that dying is fine but maybe
I wouldn't like death if death were good
Not even if death were goodDeath, oh baby
You know that dying is fine but maybe
I wouldn't like death if death were good
Not even if death were goodDeath, oh baby
You know that dying is fine but maybe
I wouldn't like death if death were good
Not even if death were good
