

# Every Little Step I Take

George Duke

I don't know what I'm gonna do  
I keep on thinkin' of you  
I just keep falling more in love with you And I try to let my feelings show  
Hoping that one day you'll know girl  
That I'm the only one You want me just to be your friend  
Never lovers only friend  
I just can't let our love go on this way What can I do to open up the door  
What can I do to show I love you more  
Oh, you hold the key to your heart and love  
That's locked within  
You spend your days and nights thinkin'  
of how to run I know that you've been hurt before  
Giving all your love and more  
But you just can't give up on life and fade away Take some chances while you still are young Come on let's have  
some fun, say yes  
I'll try with you What can I do to prove I love you more  
How can I say only you I adore Oh, you hold the key to your heart and love  
That's locked within  
You spend your days and nights thinkin' of how  
to run  
I don't know what I'm gonna do  
I keep on thinkin' of you  
I just keep seeing your smile in my mind But oh, every little step I take  
Every little move I make girl It brings my love to you
