

In the Name

Raze

I wanna know how you feel
With a love that's so real
An example we can all follow
You and the things that you do
Show the world what it's true
In the name of love, get up, jump up, jump, everybody
Come on, get up, givin' it up now
In the name of love, get up, jump up, jump, everybody
Come on, get up, givin' it up now, livin' it up now
Come on, come on, come on, come on
In the name of love
Come on, come on, come on, come on
In the name of love
Come on, come on, come on, come on
In the name of love
Now, I want to tell someone
That you sent us your son
An example we should all follow
You made a sacrifice that the wisest of wise
Of this world could not understand
In the name of love, get up, jump up, jump, everybody
Come on, get up, givin' it up now
In the name of love, get up, jump up, jump, everybody
Come on, get up, givin' it up now, livin' it up now
Hey, hey ho, hey, hey ho
Hey, hey ho, hey, hey ho
In the name of love, get up, jump up, jump, everybody
Come on, get up, givin' it up now
In the name of love, get up, jump up, jump, everybody
Livin' it up now
