

# Black and Huge

**GWAR**

Go You know I'm totally flaccid, I'm just a limp, mega-prick  
You know I'm looking for a stupid white chick Because I'm black and huge  
Black and huge, black and huge  
Black and huge, black and huge  
All the women hate me in the porno booth But now I see you, your there on the ground  
And now you know, yeah, I'm raising a mound  
I'm gonna got you, make you erupt  
If I could just get out of this cup
