Think IÂ´m Gonna Feel Better

[Gene Clark](#)

I think I'm gonna feel better when tomorrow comes
When I see the sun through my window
I think that everything is going to be all right
Though I know that you have found another
I hope you understand that I
Still love you so bad
But when tomorrow morning comes
I hope that you will see the sun shine too
Come shining through
I think I'm gonna feel better when tomorrow comes
When I see the sun
When I see the sun
