Fall Hard

Young Rebel Set

Just gimme a second and I'll tell you
But give me months by myself
Sittin', smokin' Belgian cigarettes
In a restaurant with a famous star
'Cause I know it's not forever
No, it's gotto stop
Sittin' next to Central European monument
But drivin' all night on the Grand Highway
And if you fall hard, I fall harder
And if you fall hard, I fall harder
And if you gonna break, just let it break
I'll pick up the pieces and mistakes
Gimme a secret and I'll tell you
I need memories to keep
To see for all the noise down the days
This trip is takin' me nowhere
And I know it's not forever
No, it's got to stop
Sittin' outside with a member of a Boy's Club
Fallin' hard, harder than before

And if you fall hard, I fall harder
And if you fall hard, I fall harder
And if you gonna break, just let it break
I'll pick up the pieces and mistakes
Fallin' in love to the postcard
Fallin' in love
Movin' card from hometown
Don't know where
Fallin' into a postcard
Fallin' in love
And if you fall hard, I fall harder
'Cause if you fall hard, I fall harder
And if you fall hard, I fall harder
And if you fall hard, I fall harder
And if you gonna break, just let it break
I'll pick up the pieces and mistakes
Mistakes and mistakes
Mistakes and mistakes

Mistakes and mistakes
