

# Livin' A Lie (Video Mix)

## Milk Inc.

You put on a fight,  
blaming me the feeling's gone,  
but I know you ain't right,  
I never felt it all along.  
I hide away my fear,  
hoping no-one will come near,  
cause' they can see me when I'm trying to be me.

Livin' a lie,  
tell me why I run and hide.  
Livin' a lie,  
you'll never know me deep inside.

I put on a smile,  
and try to pretend that I'm all right,  
cause' it's only a while,  
till I can run into the night,  
I hide away my fear,  
hoping no-one will come near,  
cause' they can see me when I'm trying to be me.

Livin' a lie,  
tell me why I run and hide.  
Livin' a lie,  
you'll never know me deep inside.

You put on a fight,  
blaming me the feeling's gone,  
but I know you ain't right,  
I never felt it all along.  
I hide away my fear,  
hoping no-one will come near,  
cause' they can see me when I'm trying to be me.

Livin' a lie,  
tell me why I run and hide.  
Livin' a lie,  
you'll never know me deep inside.

Livin' a lie,

tell me why I run and hide.  
    Livin? a lie,  
    you?ll never know me deep inside.

    I hide away my fear,  
    hoping no-one will come near,  
    cause' they can see me when I?m trying to be me.

    Livin? a lie,  
    tell me why I run and hide.  
    Livin? a lie,  
    you?ll never know me deep inside.

    Livin? a lie,  
    tell me why I run and hide.  
    Livin? a lie,  
    you?ll never know me deep inside.
