

One On One

Keith Sweat

Do that lil' thing you know I like
Bend down and touch your toes Turn the lights down low
Turn the lights down low
Turn the lights down low
Turn the lights down low
Turn the lights down low
Turn the lights down low
Turn the lights down low
Turn the lights down low Turn the lights down low
Baby girl come close
I wanna feel your body
Oh! Yes I do Knock that phone off the hook
See we don't want no calls
I wanna get it on right now
Right now with me and you girl Making love all night long
Til' the break of dawn
It goes on and on and on
One on one
One on one Making love all night long
Til' the break of dawn
It goes on and on
One on one
One on one Tonight's the night baby
Let's go all the way
Bend on down and touch your toes, lady
No, ain't no shame in my game
I wanna take my time
It ain't no crime if you wanna do the sixty-nine
Sixty-nine yeah Making love all night long
Til' the break of dawn
It goes on and on and on
One on one
One on one Making love all night long
Til' the break of dawn
It goes on and on
One on one
One on one I can't wait to do it babe
My lingerie is gonna drive you crazy
One on one

One on one tonight Gonna turn the lights down low
Gonna take you girl real slow
I'm gonna hold you girl real tight
Gonna do ya, do ya right
We just ain't gon' stop
Until the break of day
Baby hold on tight
Making love is my forte Making love all night long
Til' the break of dawn
It goes on and on and on
One on one
One on one Making love all night long
Til' the break of dawn
It goes on and on and on
One on one
One on one Turn the lights down
Turn the lights down
Turn the lights down
