New Music Machine

Cornelius

Hey, just close your eyes tight
Listen closely
Try out those headphones in your handIn your ears far inside, inside your head
Flows in unbelievable
This world of sound continues foreverNew Music Machine
Built by NASA
In the year 2001
Machine!
New Music Machine
In the year 2010
It all kind of broke down
Machine!New Music Machine
Built by NASA
In the year 2001
Machine!
New Music Machine
In the year 2010
It all kind of broke down
Machine!
