

Beautiful Day (feat. Sheryl Crow)

[Joshua Radin](#)

I'm gonna wash the dust off my soul
Gonna listen to some rock n' roll
No cares come what may
I'm making a beautiful day Gonna drive my car to the sea
Swim out far cause I believe
That the waves will wash the grey away
I'm making a beautiful day But let me hear you say...[Chorus]
Ooo, ooo, my, my
I'm learning to fly
Hey, hey, what's that you're saying
Let's not forget we're alive Gonna climb that hill behind my house
See what this place is all about
'cause from above it all
You can't help but say
It's gonna be a beautiful day
It's gonna be a beautiful day But let me hear you say...[Chorus][Instrumental] Gonna turn my enemies into friends
Was broken yet stronger when it mends
When we all come together this song will play
We'll sing, it's a beautiful day
And it's gonna be my beautiful day [Chorus]
