

# Warning

## Black Sabbath

Now the first day that I met you  
I was looking in the sky  
When the sun turned all a blur  
And the thunderclouds rolled byThe sea began to shiver  
And the wind began to moan  
It must've been a sign for me  
To leave you well aloneI was born without you, baby  
But my feelings were a little bit too strongYou never said you love me  
And I don't believe you can  
'Cause I saw you in a dream  
And you were with another manYou looked so cool and casual  
And I tried to look the same  
But now, I've got to know you  
Tell me who am I to blame?I was born without you, baby  
But my feelings were a little bit too strongNow the whole wide world is movin'  
'Cause there's iron in my heart  
I just can't keep from cryin'  
'Cause you say we've got to partSorrow grips my voice as I stand here all alone  
And watch you slowly take away  
A love I've never knownI was born without you, baby  
But my feelings were a little bit too strong  
Just a little bit too strongNow the whole wide world is movin'  
'Cause there's iron in my heart  
I just can't keep from cryin'  
'Cause say we've got to partSorrow grips my voice as I stand here all alone  
And watch you slowly take away  
A love I've never knownI was born without you, baby  
But my feelings were a little bit too strong  
Just a little bit too strong
