Beautiful Sharks

Something for Kate

She was tracing out lines in the air
to make it perfectly clear
he was swimming with some beautiful sharks
entertaining
the man behind the bar (x2)
and i was there
and somebody was talking about luck
and i thought, i thought what if my luck ran out?
oh..
hottest night in twenty years
he is playing out a ceremony
playing out a ceremony
watch him turn on the spot
to see his memory from a different angle
he eased the element of surprise
to curve and sweep lines
and he is singing an old song
he is swimming with some beautiful sharks
and i was there
and somebody was talking about romance
and i thought, i thought what if my luck ran out?
