

# Drenched In Disease

## Buried Alive

human waste, fallen prey, surrounding me.  
a plague on life.  
corroded minds, a dying breed.  
morals decay, whores parade, it sickens me.  
this human race, the living dead, drenched in disease.  
burn away, see this dead.  
this world burns.  
everyday i search for hope.  
my hopes drenched in disease.  
burn away, end this plague.  
drenched in disease.  
this world burns.
