Where You Are

Oh No Not Stereo

One day I'll say
look at me now
And if I could
I'd treat you like a queenNo matter where you are
The beat stays the sameMaybe one day
I'll look around
And you will be
All I have foundNo matter where you are
The beat stays the same
And where you are
Represents a beatLove me or hate me
just never forget me
Love me or hate me
just never forget meNo matter where
Where you are
