

Where You Are

Oh No Not Stereo

One day I'll say

look at me now

And if I could

I'd treat you like a queenNo matter where you are

The beat stays the sameMaybe one day

I'll look around

And you will be

All I have foundNo matter where you are

The beat stays the same

And where you are

Represents a beatLove me or hate me

just never forget me

Love me or hate me

just never forget meNo matter where

Where you are
