

# Peace and Quiet

## Waxahatchee

I don't see how another days gonna make us change our minds  
So why don't we go separate ways and save us a bit of time  
We can't go on trying living behind this worn out and thin disguise  
I don't want to try talking it out I don't need another fight  
It just won't work when All I want is a little peace and quiet (\*2) I just don't wanna live this way cause lately  
were up al night  
I can't speak free when your in my face and I don't like to be unkind  
But constantly you try and turn it around when clearly its black and white  
Somethings gone and now I'm feeling down cause I've been here a million times  
It just won't work when All I want is a little peace and quiet(\*2) We can't go on trying living behind this worn  
out and thin disguise  
I don't want to try talking it out I don't need another fight  
It just won't work when  
All I want is a little peace and quiet(\*2)
