

Citizen Erased

Muse

Break me in teach us to cheat and to lie
Cover up what shouldn't be shared
And the truth's unwinding, scraping away at my mind
Please stop asking me to describe him For one moment, I wish you'd hold your stage
With no feelings at all
Open-minded, I'm sure I used to be so free Self-expressed, exhausting for all
To see and to be what you want and what you need
And the truth's unwinding, scraping away at my mind
Please stop asking me to describe For one moment, I wish you'd hold your stage
With no feelings at all
Open-minded, I'm sure I used to be so free For one moment, I wish you'd hold your stage
With no feelings at all
Open-minded, I'm sure I used to be so free Wash me away, clean your body of me
Erase all the memories
They'll only bring us pain
And I've seen all I'll ever need
