Sick

Evanescence

Embrace the silence
Cause there's nothing that can change the way I feel
Taken all that you wanted
Now there's nothing that can change the way I feel
Hold on, little girl
Cause the end is soon to come
Sick of it all, Sick of it all
We will not follow
Sick of it all, Sick of it all
They don't understand how
Sick we are, Sick we are
Of this bottomless pit of lies
Behind closed eyes
Oceans between us
And there's nothing that can change the way I feel
I can still taste the poison
of every thought, every breath I wasted here
Hold on, little girl

The end is soon to come
Sick of it all, Sick of it all
We will not follow
Sick of it all, Sick of it all
They don't understand how
Sick we are, Sick we are
Of this bottomless pit of lies
Behind closed eyes
Someday you'll know the feeling
Someday the light will break through
And nothing you tell yourself
Will save us from the truth
Screaming out
Sick of it all, Sick of it all
We will not follow
Sick of it all, Sick of it all
They don't understand how
Sick we are, Sick we are
Of this bottomless pit of lies
Behind closed eyes
