

Over & Over

Fleetwood Mac

Could you ever need me
And would you know how
Don't waste our time
Tell me now
All you have to do
Is speak out my name,
And I would come running, anyway And I said
Could it be me, could it really really be?
Over and over Don't turn me away
And don't let me down
What can I do
To keep you around Over and over
Over and over.
