Release

Seeed

Pressure meOh god release, pressure and pain make me freeze
Gimme some sunshine and peace
Just a little break please, from that dreadful disease
Nowadays pressure increaseOh god release, stress and pressure make me freeze
Gimme some sunshine and peace
An a good girl fi please, take a rest smokin' trees
Away from that wicked diseaseHigh fidelity rebellion, gimme a twenty million dollar sound fi kill
An send this tune on a mission
In the seeds we sow by singin' dis tune
Is the cure an the healing, we treat bad feelings 'cause
You feel the pressure when you workin' from nine to five
You feel the pressure, soppm must happen inna your life
Free your mind, "everybody a online", music is the cure
If you cyaan take it no moreOh god release, pressure and pain make me freeze
Gimme some sunshine and peace
Just a little break please, from that dreadful disease
Nowadays pressure increaseOh god release, stress and pressure make me freeze
Gimme some sunshine and peace
An a good girl fi please, take a rest smokin' trees
Away from that wicked diseaseWe need a hit
Still hear the promoter say come on
Gimme a hit
We know that you've been working really hard
Never quit
Your stuff's kinda wicked but it really
Don't fit
As you know time is money so come on
Better be quick
Don't forget we need time to shoot a video
Let's face it we need a scandal on a tv-show
Gimme a cheesy hook to push it on the radio
I'm in the biz, I've gotta know
Believe me, that's the way it goesWanna cut out and lie in the sun
Catch a brease and sip on mi rum
There's no need to hide or to run
'Cause all the fears and the worries are gone
Right a now man it's time to move on
Wanna champion girl inna my arm
She give me love and sweet devotion

Rest gonna come dis bridge is donI am satisfied
When I do what I like
I would not go for a fight
I try to turn up the light
Let me choose right
Show me your sight
Before I decide
What dream I'll ride
Which queen might
Be the one ya
To sweet my night
To feed my hunger
We're more than friends
Mek love last longer
Than one-night stands
Let love get stronger
Than laws and plans
I burn
O thunder you make me wonder
Under your spell gimme a chanceOh god release, pressure and pain make me freeze
Gimme some sunshine and peace
Just a little break please, from that dreadful disease
Nowadays pressure increaseOh god release, stress and pressure make me freeze
Gimme some sunshine and peace
An a good girl fi please, take a rest smokin' trees
Away from that wicked diseaseWanna cut out and lie in the sun
Catch a brease and sip on mi rum
There's no need to hide or to run
'Cause all the fears and the worries are gone
Right a now man it's time to move on
Wanna champion girl inna my arm
She give me love and sweet devotion
Rest gonna come dis bridge is don
