

# Dedication 2

## Lil' Wayne

This just my interpretation of the situation And this is my dedication

It's poppin' dedication 4 ho (D4)

And this is dedicated, first off

To my city

The lost city of New Orleans

But umm, I wanna speak to my city

And I wanna let 'em know that

We can't be lost for long

And we damn sure can't be lost forever

So each time we find ourselves

Within all that water

Within all that dirt, within all that blood, within all that pain, within all them cries

It's time to find ourselves, New Orleans

Because memories are everything

And when I say memories are everything

I mean it's important what you are remembered by

And trust me. I, you, we

Don't wanna be remembered as the lost city

I'd rather be remembered of the city that found glory after all that tragic

Scrimp, yea

Also I bet I could scrape it all down and get them kids off the streets

You're welcome

But umm, we gotta get up man

Fuck it

Rise above it

So a lot of people ask me

What you gonna do for your city?

I be like motherfucker, you ain't know what you just said?

What you gone did for your city?

Motherfucker, that's my city

Therefore I still got family members in that city mane

What the fuck I'mma do for them?

You know what I mean?

And I do my best, trust me

And that's what the fuck I do for my city

I do this right here for my city man

That's what the fuck I do for my city

I do me for my city

So therefore I am remembered by my city

Ya dig?

And this is also dedicated to

Them bitch niggas

You ho niggas, you pussy niggas
