Self Hypnosis in 3 Days

Wand

with every test i've taken
i want toknow what's in my mind, my mind, my mindeyes closes and mouth wide open
i see the things that i can't find, can't find in my mindthis world is only broken
which world is your's and which is mine
is mine, is minewho cares what real is real or
when you come around inside your mind
your mind, your mind,
in your mind
