Tribal Dance

Peter Green

Come on, check it out, y'all
Come on, come on
Come on, come on
Check it out, the tribal dance
(Say that again?)
Feel the force, this is your chance
To get control and do the tribal dance
People started dancing a long time ago
The bass was fast, but then again it was slow
Soul, house, hip-hop and blues
It doesn't really matter which music you choose
Start up a dance this is your chance
To come with me and do the tribal dance
You've got to move it feel the temperature
Into the rhythm let the fire burn
So get into it, get into the trance
This is the rhythm of the tribal dance
The tribal dance
It started with a tribe who discovered the vibe
Who moved to the rhythm just the way they liked
You hear the treble, you hear the bass
The R A Y, yeah, is on the case
Feel the fire, feel the flame
Do your thing now, don't be ashamed
I have to go now no offense
I've hooked you up into the tribal dance

Get it into it, get into it
Get into the trance
You've got to move it feel the temperature
Into the rhythm let the fire burn
So get into it, get into the trance
This is the rhythm of the tribal dance
The tribal dance
You've got to do the tribal dance
Check it out, come on, take your chance
Check it out, come on, take your chance
Check it out, come on, take your chance
Tribal dance, tribal dance, tribal dance

Yeah, oh, tribal dance, tribal dance
You've got to move it feel the temperature
Into the rhythm let the fire burn
So get into it, get into the trance
This is the rhythm of the tribal dance
The tribal dance
You've got to move it feel the temperature
Into the rhythm let the fire burn
So get into it, get into the trance
This is the rhythm of the tribal dance
The tribal dance
