Magnetic North

Alestorm

You're my, you're my underscore
My kite in a thunderstorm
When your cold,
I will keep you warm.
You're my, you're my auto-chord
Anagram of a dirty word
The best joke that I ever heard
The best joke I ever will
You're my compass, my magnetic north
You keep this old ship on course
Without you we would all be lost
So I'm begging you, to stay true
When I write, you're the perfect verse.
Send it out, through the universe

Steal a star just for the two of us
See all, all the things we've made
Ticker-tape and the motorcade
Dip a toe into our middle age
Dip a toe and in we'll go
You're my compass, my magnetic north
You keep this old ship on course
Without you we would all be lost
So I'm begging you...
My compass, my magnetic north
You keep this old ship on course
Without you we would all be lost
So I'm begging you...
to stay true
