

Cry for Help

Sick of It All

Find a fault
Cut it down
Criticize everything.
What may be
Wrongly seen
As a show of strength may be a
Cry for help. (4x)
Cold and calm
Out of reach
Distant eyes, secret life.
What may be wrongly seen
As a show of strength is just unexitable
Far too fucking cool.
Unexitable
Feigning control with detachment.
Cry for help (4x) Don't turn away it's a cry for help
Don't turn away it's a cry for help
Pride doesn't heal the pain that's felt.
A cry for help.
