

Where Did You Go

Four Tops

A few words, said in anger
Have put my lonely heart in danger
One mistake, made you part
But when you left, you took my heartI now sit quietly in a room
Hoping you'll return real soonWhere did you go?
Where did you go?Only your warm embrace
Can fill this empty placeI look up and down each lonely street
Hoping one day soon we'll meet
Searching here, searching there
Looking for you, everywhereYour love it means the most to me
I need you close to meWhere did you go girl?
Where did you go?Only your warm embrace
Can fill this empty placeI pass the house you used to stay
It's lonely and vacant, I'm the same old way
When our friends mention your name
The hurt, comes back againNo matter what I try to do
I can't get over losing youWhere did you go?
Where did you go?I've been searching for you everywhere
Where did you go?
Where?
