Something New

Susanna Hoffs

You want something new, something sweet
To rinse away the bitterness of another day
Fading awayYou want something new, something bright
To lighten up the shadows of your darkest fears
Hovering nearYou get so lonely, lately

Lonely and afraid

Maybe nothing really good will come your wayYou want something new, something hot Flames of passion burning all your bridges down

Don't turn aroundI lie awake and watch you toss and turn I ask, "What's wrong?", you turn away and say It's not my concernYou get so lonely, lately

Lonely and afraid

Maybe nothing really good will come your wayYou want something new, something new
But there is nothing I can do to make you see
What you mean to me'Cause you know I love you
And I know that's nothing new
That's nothing new
