## Devonte Hynes

don't you think that we were beautiful?  
don't you think that I'm your friend?  
ill be the first one to tell you a lie wait until i know who you are  
waiting for a shot in the dark  
nothing that you're used to, to. once i told you bout my other friends  
you let me be alone  
ill be the first one to tell you a lie wait until i know who you are  
waiting for a shot in the dark  
nothing that you're used to, to wait until i know who you are  
waiting for a shot in the dark  
nothing that you're used to, to
