Not For Nothing

Dave Navarro

Not for nothing
(Star fucker, yeah)
Not for nothing
(Star fucker, sucker)Not for nothing
(Star fucker, baby)
Move your stuff in
(Happiness ends)How can you miss me when I'm here with you
Miss the person you thought that I would turn into
How can you say you miss the small things?
Every night I try to show a small thing to youNot for nothing
(Star fucker, yeah)
Not for nothing
(Star fucker, sucker)Not for nothing
(Star fucker, baby)
Move your stuff in
(Happiness ends)How can you miss me when I'm here with you
Miss the person you thought that I would turn into
How can you say you miss the small things?
Take my 38 and push it inside of youUsed to be the things you loved about me
Now they sicken you when you're around me
Things my friends all seem to love about me, yeahNot for nothing
(Star fucker, yeah)
Not for nothing
(Star fucker, sucker)Not for nothing
(Star fucker, baby)
Move your stuff in
(Happiness ends)How can you miss me when I'm here with you
Miss the person you thought that I would turn into
And when you're moving closer to me
I pretend that you're the person you used to beHow can you miss me when I'm here with you?
How can you miss me when I'm here with you?How can you miss me when I'm here with you?
How can you miss me when I'm here with you?
How can you miss me when I'm here with you?
