Back It Up

Colette Carr

Back it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Make it go, ma-make it go, ma-ma-ma-ma-ma-ma-make it go.Back it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Make it go, ma-make it go, ma-ma-ma-ma-ma-ma-make it go.Hey, it's me. Call the cops.
I'm the girl that make the whole show stop,
But the party don't stop, and Bacardi's on rock
And the girls gon' talk when the boys go flock (flock)
Yeah, (yeah), I got the bread for the seagulls
It's hot at the spot up top
Desert eagles taking flight
I don't know where I'm landing
So swoop, drop it low
Hollow mind expandingBack it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Make it go, ma-make it go, ma-ma-ma-ma-ma-ma-make it go.Back it up, you got somethin' to deliver
So-so-so chill, it'll make somebody shiver
S-s-s-s-so scary, feel lips start to quiver
Glass rise, close your eyes and mind your liver
Black on black, top back; you know you like that
Can't keep track, riding on the fast track
Nah-nah-nah-not even if you try
Too preoccupied countin' clouds in the skyBack it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Make it go, ma-make it go, ma-ma-ma-ma-ma-ma-make it go.Ba-ba ooh
Ba-ba ooh
Back it up! (Back it up!)
Ba-ba ooh
Ba-ba-ba-ba-ba-ba ooh
Back it u-u-u-upBack it up, ba-back it up (back it up!)
Ba-back it up, back it up, ma-make it go
Ba-back it up, ba-back it up (back it up!)
Ba-back it up, ba-back it up, ma-make it go, go
Back it up, ba-back it up (ba-back it, back it up!)
Ba-back it up, ba-back it up, ma-make it go

Ba-back it up, ba-back it up, (ba-back it, back it up!)
Ba-back it up, back it up, ma-make it go, goBack it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Back it up, drop it down, shake it, then make it go
Make it go, make it go, make it go, make it go
