

# MadTV

## Rozwell Kid

Dundled and watching "Clue"  
There's nothing better that I would rather do  
Some people I barely knew  
It's way too real  
Scrubbing my hands away  
Dirty pile of windbreakers every day  
I'm watching the words I say  
It's way too real My TV with the sound down  
Watch the neighbour exit for a smoke  
There's no such thing as a downtone  
Wind it up and do it all again  
Someday I'll be the best  
Sucking up what I missed on a VHS  
It's perfect like all the rest  
It's way too real  
Feelin' it fade away  
Something new in its place nearly every day  
Forgettin' the words I say  
It's way too real  
My TV with the sound down  
Watch the neighbour exit for a smoke  
There's no such thing as a downtone  
Wind it up and do it all again  
Wind it up and do it all again
