

Tumult

The Knife

Goddamn you! Haven't let you in 'cause I'm in you

Haven't let you in 'cause I'm in you

Must have been a bitch, must have been a pain

Take me off the innocent

Put me in your vein It's improbable

Yeah, it's improbable Haven't said a word 'cause you're still on

Haven't said a word 'cause you're still on

Mustn't take offense, mustn't take a bow

Used to be a derelict

Now I have to live with it It's improbable

Yeah, it's improbable

Yeah, it's improbable

Yeah, you came back, but I know better boy Trip my light fantastic

Rub me in your wound

Well I'm not broken, I'm not plastic

I'm no whore

Used against me, use me up again It's improbable

Yeah, it's improbable

Yeah, it's improbable

Yeah, you came back, but I know better boy Sometimes I think I'm crazy, other times I know I'm not Got no
time to time to time, once again

Got no time to time to time, once again

Got no time to time to time, once again You don't want me, you don't need me
