

# Rain (Sweet Pop Remix)

Razah

Raindrops keep fallin' on my head  
But thank God cause' it's just  
Hidin' the tears from my face  
Since you've been gone  
I'm so out of place  
And I need you here babeLord, give me a sign  
Show me the light  
Cause this love I have to fight  
Shes on my mind  
All the time  
To stay afloat I'll try[Chorus:]  
Let the rain fall down  
Take me away  
Cause I don't wanna be without you  
Girl I can't sleep  
Without you here  
So let the rain take me awayMy emotions girl  
Are running wild  
I feel like a little child  
I need your smile  
To brighten up my life  
I need to look deep in your eyesI wanna know if this is real  
Cause this can't be happening to me  
Pinch me please  
Tell me it's a dream  
Cause I don't wanna feel like this[Chorus:]  
Let the rain fall down  
Take me away  
Cause' I don't wanna be without you  
Girl I can't sleep  
Without you here  
So let the rain take me awayWhen you left  
You took my heart from me  
You mean the world to me[Chorus:]  
Let the rain fall down  
Take me away  
Cause I don't wanna be without you  
Girl I can't sleep  
Without you here

So let the rain take me away
