

Conquerors Of Armageddon

Krisiun

Insulting blasphemous eminent gods
Hatred elders of almighty curse
Ascending spells casting storms of plague
As abyssic cracks of hecatomb breaks forthDevourment of the Nazarene's breed
Swallowed upon the chasm of eternal black
From below to beyond the stars
Persecution of fallen soulsDraining armies of corpses
For the kingdom of death's alignment
Mighty infernal legions attack
Impaled Christ falls from the skiesOverlords of hatred consecration
Exalt the spirits of tyrant command
Cast the em-plagued scourge
Through seas of reaped flesh and goreInfamous force of blackness unleash
Upon the gate of no return
The flesh of all men devoured
All blood of creation spillsDying for the mighty sword
Souls of holiness entangled
Drowned on the stream of all pain
Jehovah god desecratedHeaven's empire of deceit destroyed
Cleansing in a blazing firestorm
Envenoment and molestation down below
Swallowed into the seas of black blood and goreInfestation of scourge and damnation
Spirits of abomination ride
Enthroned empowered in flames
Wicked merciless gods celebrateConquerors of Armageddon
Impaling spike on the damned cross
Kill, kill, kill lord Jesus ChristInfamous force of blackness unleash
Upon the gate of no return
The flesh of all men devoured
All blood of creation spillsDying for the mighty sword
Souls of holiness entangled
Drowned on the stream of all pain
Jehovah god desecrated
