

# Oh Gosh

## Mr Lager

With your coats of many colors  
And the flowers in your hair  
You may love away the pleasant hours  
To think upon all that is fairTo look upon and to touch  
    Oh gosh  
    Life is really too much  
    (Life is really too much)  
    You'll seeWith the babies in your bellies  
        And the poems on your tongues  
        Your only chance to see me on your tellies  
    Giving love to the newborn onesThink about it you'll agree  
        Many miracles you'll see  
        (Miracles you'll see)  
    You'll seeWith the future safely dreamed of  
        And his kisses on your brow  
        Be only rest assured peace is coming  
To think upon love that is fairTo look upon and to touch  
    Oh gosh  
    Life is really too much  
    (Life is really too much)  
    You'll seeSoon, soon  
        Soon, soon
